

# COVID-19 VACCINE ROLLOUT LEARNING TEMPLATE

Use these tables to summarize what worked and what did not work during previous phases of COVID-19 vaccine rollout.

## Rollout Successes: What Worked

Main Population	Sub-Population	Rollout Successes: What Worked	Why did it work?	Issues to explore during the RCA
-----------------	----------------	--------------------------------	------------------	----------------------------------

## COVID-19 Vaccine Confidence: Rapid Community Assessment Tool

e.g., Healthcare workers	e.g., Nurses in major hospital			
--------------------------	--------------------------------	--	--	--

## COVID-19 Vaccine Confidence: Rapid Community Assessment Tool

### Rollout Challenges: What Did Not Work

<b>Main Population</b>	<b>Sub-Population</b>	<b>Rollout Challenge</b>	<b>Solutions Tried</b>	<b>Level of Success</b> 0 = not successful 1 = somewhat successful 2 = successful	<b>Potential Solutions: Identified but Not Tried</b>	<b>Issues to explore during the RCA</b>
------------------------	-----------------------	--------------------------	------------------------	--	--	---

## COVID-19 Vaccine Confidence: Rapid Community Assessment Tool

e.g., Healthcare workers	e.g., Nurses in major hospital
