

## New Training Available

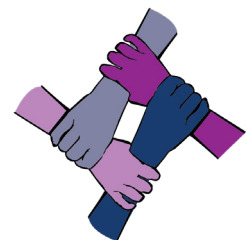

**Want to know how YOUR clinic can retain patients with HIV?  
The Stay Connected for Your Health training is right for you!**

Stay Connected for Your Health is an evidence-informed, clinic-wide HIV care retention intervention based on studies demonstrating that enhanced patient contact with staff improves retention in care.

[\*\*Learn more about \*Stay Connected for Your Health\*\*\*](#)

Stay Connected for Your Health is a clinic-wide intervention designed to assist clinics in retaining patients in HIV care. The Stay Connected for Your Health training has two virtual, instructor-led training components.

The All-Staff Training is for everyone at your organization, including clinical and non-clinical staff. The Retention Specialist Training is designed specifically for the staff who will fill the role of Retention Specialist and that person's supervisor.

**STAY  
CONNECTED**  
For Your Health
