SCOUT (7.0)	30	Erik Fischer 314-810-1472	Check with system representative	November 2025

^t Successfully completed testing of the 2025 RSR.

^a The RSR functionality is available to users for an additional fee. The number of providers that used eClinicalWorks is unavailable because the system creates the TRAX .CSV files instead of an XML file.

Epic and Take Charge Texas (TCT) were removed from the list due to lack of updated information on the RSR. Please contact your system representative for more information.
